The Alaska Defense Breakdown Economic Impact Report

Our troops are carrying an unfair burden of deficit cuts. To date our Defense budget has absorbed over 50% of deficit reduction – yet it accounts for less than 20% of federal spending.

Our military's burden will be worse under the Sequestration Budget Cuts – *unless* Congress takes action this year. A 2011 law requires the Defense budget be cut by another \$500 billion over the next 10 years – about 18% a year.

Alaska will lose jobs and businesses under Sequestration Defense cuts.

Sequestration will destroy jobs and businesses in Alaska in 2013. This report shows how "National Average" defense budget reductions of at least **9%** and the additional Sequestration cuts of up to **18%** could affect **Alaska**, using actual 2010 and 2011 **Alaska** data. **Alaska counties**, cities and industries will be hit by these cuts.

Jobs gone. Businesses broke. America's military defenses devastated.

If left in place, Sequestration will cut our military to its smallest size since before World War II – while we face growing threats from Iran and North Korea, a rising China, regional threats in the Middle East, and an ongoing war in Afghanistan.

- 9%: In 2012, President Obama limited U.S. military capability to fighting one "regional conflict" and one "holding action." Defense budgets for 2013-2021 were cut \$487 billion a 9% cut, at a minimum.
- **18%:** "Sequestration," required by law in 2011, mandates \$500 billion more in 2013-2021 defense cuts an **18% cut, at a minimum**. President Obama said he will veto any changes Congress makes.

Secretary of Defense Leon Panetta: "If the maximum sequestration is triggered, the total cut will rise to about \$1 trillion compared with the FY 2012 plan...The impacts of these cuts would be **devastating**... Rough estimates suggest that after ten years of these cuts, we would have the smallest ground force since 1940, the smallest number of ships since 1915, and the smallest Air Force in its history." 11/14/2011

Alaska job losses under Sequestration could be permanent.

Alaska businesses will not escape the 9% and 18% cuts.

Alaska defense prime contractors earned over \$3.11 billion in 2011 protecting America, but now they may **face 18% revenue cuts** under Sequestration - starting in 2013.

Alaska defense contractor revenue losses could be greater than \$561 million – each year.

Alaska defense contractors may have to lay off workers or even shut down under Sequestration cuts.

Gone. Many Alaska public sector jobs will be eliminated under Sequestration.

Congressional experts estimate Alaska could lose DOD military active-duty and DOD civilian jobs:

- Under Sequestration, 3,863 military active-duty employees could lose their jobs.
- Under Sequestration, 1,339 civilian DOD employees could lose their jobs.

Gone. Alaska private sector jobs will be cut, as well as state earnings.

A 2011 nationwide economic impact study from the Center for Regional Analysis at George Mason University predicts that Alaska could lose thousands of private sector jobs and hundreds of millions of dollars under the Sequestration law:

- Alaska could lose 5,394 jobs.
- Alaska's economy could lose **\$318 million** in lost earnings. Alaska could see a **\$463 million** decrease in Gross State Product (GSP).

The Bottom Line: Projected Job Loss for Alaska is at least 10,596 jobs.

America's defenses under Sequestration - "a hollow force."

General Martin Dempsey, Chairman, Joint Chiefs of Staff: "Sequestration leaves me three places to go to find the additional money: operations, maintenance and training. That's the definition of **a hollow force**." 2/14/2012

"Catastrophic."

General Ray Odierno, Chief of Staff, United States Army: "Cuts of this magnitude would be *catastrophic* to the military...my assessment is that the nation would incur an unacceptable level of strategic and operational risk." 9/22/2011

"Very dangerous cuts across the board."

Secretary of Defense Leon Panetta: "But if [sequestration] happened – and, God willing, that would not be the case – but if it did happen, it would result in a further round of *very dangerous cuts* across the board -- defense cuts that I believe would do real damage to our security, our troops and their families, and our military's ability to protect the nation." 8/4/2011

"We'd be shooting ourselves in the head." 9/22/2011

"Dire consequences."

General Norton Schwartz, Air Force Chief of Staff: "Even the most thoroughly deliberated strategy may not be able to overcome *dire consequences*." 11/2/2011

Alaska small businesses could be first to go when Sequestration defense budget cuts arrive.

With at least 9% or Sequestration's 18% in planned budget cuts, Alaska's businesses – especially small businesses – will be at risk.

From 2000-2011, **2,144 Alaska businesses** provided goods and services for America's national defense. In 2011, many Alaska businesses were minority owned or other types of small businesses:

- **244 minority-owned businesses**, including 14 owned by Black Americans, 11 owned by Hispanic Americans, 186 owned by Native Americans, 11 owned by Asian-Pacific Americans, and 22 owned by other minority Americans.
- 234 small businesses including 64 "8A" and small disadvantaged businesses (SDB's)
- 107 woman-owned businesses
- 67 veteran-owned businesses, including 29 owned by service-disabled veterans
