

The Arizona Defense Breakdown Economic Impact Report

Our troops are carrying an unfair burden of deficit cuts. To date our Defense budget has absorbed **over 50%** of deficit reduction – yet it accounts for **less than 20%** of federal spending.

Our military's burden will be worse under the Sequestration Budget Cuts – unless Congress takes action this year. A 2011 law requires the Defense budget be cut by another \$500 billion over the next 10 years – about 18% a year.

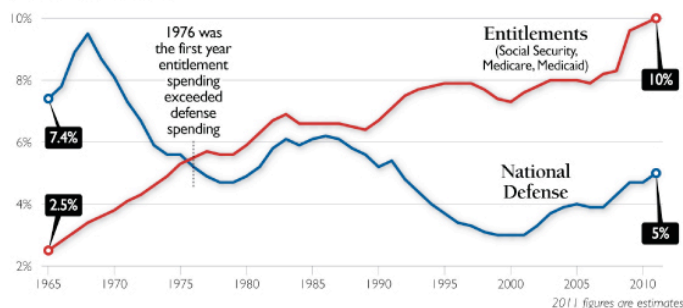

Arizona will lose jobs and businesses under Sequestration Defense cuts.

Sequestration will destroy jobs and businesses in Arizona in 2013. This report shows how “National Average” defense budget reductions of at least **9%** and the additional Sequestration cuts of up to **18%** could affect **Arizona**, using actual 2010 and 2011 **Arizona** data. **Arizona counties, cities and industries will be hit by these cuts.**

Defense Spending Has Declined While Entitlement Spending Has Increased

Spending on national defense, a core constitutional function of government, has declined significantly over time, despite wars in Iraq and Afghanistan. Spending on the three major entitlements—Social Security, Medicare, and Medicaid—has more than tripled.

Jobs gone. Businesses broke. America's military defenses devastated.

If left in place, Sequestration will cut our military to its smallest size since before World War II – while we face growing threats from Iran and North Korea, a rising China, regional threats in the Middle East, and an ongoing war in Afghanistan.

- **9%:** In 2012, President Obama limited U.S. military capability to fighting one “regional conflict” and one “holding action.” Defense budgets for 2013-2021 were cut **\$487 billion – a 9% cut, at a minimum.**
- **18%:** “Sequestration,” required by law in 2011, mandates **\$500 billion more** in 2013-2021 defense cuts – an **18% cut, at a minimum.** President Obama said he will veto any changes Congress makes.

Secretary of Defense Leon Panetta: “If the maximum sequestration is triggered, the total cut will rise to about \$1 trillion compared with the FY 2012 plan...The impacts of these cuts would be **devastating**... Rough estimates suggest that after ten years of these cuts, we would have the smallest ground force since 1940, the smallest number of ships since 1915, and the smallest Air Force in its history.” 11/14/2011

CENTER FOR SECURITY POLICY

Arizona job losses under Sequestration could be permanent.

Arizona businesses will not escape the 9% and 18% cuts.

Arizona defense prime contractors earned over \$11.86 billion in 2011 protecting America, but now they may face **18% revenue cuts** under Sequestration - starting in 2013.

Arizona **defense contractor revenue losses** could be greater than **\$2.13 billion** – each year.

Arizona defense contractors may have to **lay off workers or even shut down** under Sequestration cuts.

Gone. Many Arizona public sector jobs will be eliminated under Sequestration.

Congressional experts estimate Arizona could lose DOD military active-duty and DOD civilian jobs:

- Under Sequestration, 3,557 **military active-duty employees** could lose their jobs.
- Under Sequestration, 2,398 **civilian DOD employees** could lose their jobs.

Gone. Arizona private sector jobs will be cut, as well as state earnings.

A 2011 nationwide economic impact study from the Center for Regional Analysis at George Mason University predicts that Arizona could lose tens of thousands of private sector jobs and billions of dollars under the Sequestration law:

- Arizona could lose **33,208 jobs**.
- Arizona's economy could lose **\$1.95 billion** in lost earnings. Arizona could see a **\$2.83 billion** decrease in Gross State Product (GSP).

The Bottom Line: Projected Job Loss for Arizona is at least 39,163 jobs.

America's defenses under Sequestration – "*a hollow force.*"

General Martin Dempsey, Chairman, Joint Chiefs of Staff: "Sequestration leaves me three places to go to find the additional money: operations, maintenance and training. That's the definition of *a hollow force.*" 2/14/2012

"Catastrophic."

General Ray Odierno, Chief of Staff, United States Army: "Cuts of this magnitude would be *catastrophic* to the military...my assessment is that the nation would incur an unacceptable level of strategic and operational risk." 9/22/2011
